Benefits to Homeowners

Homeowner Story: Mr and Mrs. C

Mr. and Mrs C, age 85 and 71, have lived in their Frankford neighborhood in East Baltimore for over 30 years. She and her husband purchased the home from her sister-in-law. Mrs. C grew up in Baltimore and used to visit the area before finally settling there. Speaking about the area, she said, "I love how quiet this neighborhood is, and everyone knows one another. I have neighbors that I've known for years. Neighbors will help me carry groceries into my home and anything else I need help with." Mrs. C is fond of the fact that her home is one story, which makes it easier for her to age in place.

Rebuilding Together Baltimore was able to:

- Replace roof that was leaking and caused a ceiling to collapse
- Clean up and clear out the home
- Complete landscaping and beautification around property
- Lay new flooring in the kitchen
- Repair damaged retaining wall

Reduction in Stress

81% of homeowners reported a reduction in stress after repairs were completed

Better Health

65% of homeowners reported improved mental or physical health after repairs

Reduction In Falls

74% of homeowners who reported falling in their home before repairs reported no falls after repairs.

Celebrating 35 Years!

Rebuilding Together Baltimore has brought hope to our neighbors in need for over 35 years. Our work helps older adults that are not physically or financially able to make critical repairs in their home.

We provide no-cost home repairs that help preserve affordable homeownership, support aging in place, improve home safety, and stabilize communities. By ensuring that individuals and families can keep their greatest asset—their home—we enhance lives and strengthen the fabric of our neighborhoods.

Financial Well-being

60% of homeowners reported that their home is more valuable to them and their family after repairs.
